SIR

I have the honour to state that at present, one female sweeper has been deputed to work in the Sweepers' colony in the Goripalya which consists of about 500 families After personal spot inspection, the Health Officer reported that the area was awfully dirty, that one sweeper could not cope with the work and that it was absolutely necessary to post at least 2 more sweepers to that area The matter having been considered by the Managing Committee and Council, they have resolved on 30-10-1944 and 11-11-1944, respectively, that 2 more sweepers at Rs 12/- each per month may be sanctioned to work in the said area The expenditure on this account, during the current year will be met out of the savings in the provision made under E2 "Conservancy and sanitation" for sweepers and scavengers and necessary provision in this behalf will be made in the annual budgets in future

The existing staff of sweepers being quite inadequate to cope with the daily work in the several divisions of the City, it is not possible to depute any from the existing staff to work in Goripalya I request therefore that sanction of Government may kindly be obtained to the resolution of the Council dated11-11-1944 (copy enclosed) regarding the appointment of two additional sweepers on Rs 12/- each per month

SIR

I have the honour to state that at present, 3 sweepers have been posted to the cleaning of the slaughter house Mutton Market and the City Cattle Pound which are located in different buildings far away from one another. After personal spot inspection the Health Officer of this Municipality has reported that it is not possible for 3 sweepers to satisfactorily attend to the cleaning of the said buildings and that at least three additional sweepers on Rs 10/- each per month might be appointed. The proposal of the Health Officer has been approved by the Managing Committee and Council on 30-10-1944 and 11-11-1944 respectively. The expenditure on this account during the current year will be met out of Rs 30,000/- provided for additional sweepers in the current year's Budget under E2 Conservancy and Sanitation. Necessary provision in this behalf will be made in the annual budgets in future.

A copy of the resolution of the Council referred to above is herein enclosed for favour of obtaining sanction of Government thereto.

SIR

I have the honour to state that there are at present 539 sweepers and 148 scavangers working in the several divisions of this Municipality This establishment is quite inadequate to cope with the daily work in the entire city which is expanding year after year In the interest of the better sanitation and health of the City, the Council have resolved at their meeting held on 14-9-1944 for considering the budget estimates for the year 1944-45 that an additional establishment consisting of 100 sweepers and 100 scavengers might be entertained and have also provided a sum of Rs 30,000/- under £ (2) Conservancy and Sanitation, to meet the expenditure on this account Due provision in this ~~beal~~ behalf will be made hereafter in the budget - estimates every year

An extract from the said Council proceedings in reppect of this subject is herewith forwarded for favour of obtaining the sanction of Government to entertain an additional establishment consisting of 100 sweepers and 100 scavengers on Rs 10/- each per month

I have the honour to be,
Sir,
Your most obedient servant,

R Jagannathan 3/4

Municipal Commissioner I/C

Forwarded with compliments

C N Narayanaswamy

Extract from the proceedings of the Council dated 14th September 1944

Mr. President - A lumpsum grant ot Rs 15,000/- may be made for additional sweepers and scavengers, 50 sweepers and 50 scavengers

Mr K M Naganna - At least we require 200 persons extra 100 sweepers and 100 scavengers To compensate this, I have no objection to your making a reduction in the provision made for putting upstairs to the Market on the front The provision of Rs 50,000/- made for putting upstairs may be retained

The Commissioner said that when the proposal of the Health Officer to entertain 50 sweepers and 50 scavengers in addition, was placed before the Managing Committee, he suggested to entertain at least 100 sweepers and 100 scavengers because without this additional establishment, the above number might not be sufficient

Mr K M Naganna - I entirely agree with the Commissioner There is one lakh of rupees provided for putting upstairs to the market You can bring down that figure

Mr Ramalal Thiwari agreed with the suggestion made by the President

Then it was agreed to provide an additional sum of Rs Rs 30,000/- for the entertainment of 100 sweepers and 100 scavengers, and retain the sum of Rs 50,000/- in the Estimate for 1944-45 for putting upstairs to the Market

The provision made in the Estimate for 1944-45 for cart hire for silt cartmen was increased by Rs 15,000/-

Subject - Appointment of Additional Sweepers and Scavengers in the Bangalore City Municipality

With reference to your letter No L 5856 dated 14-12-44, calling for some information on the above subject, I have the honour to state as follows -

1 The sanctioned strength of sweepers and scavengers in this Municipality consists of 539 sweepers and 148 scavengers, making a total of 687 Out of these, 525 are permanent and 162 temporary A statement showing their distribution according to divisions is enclosed The temporary sweepers and scavengers are being continued with Government sanction year after year for the last several years and have to be treated as permanent for all practical purposes The total expenditure incurred on this establishment is Rs 7,403/- per mensem excluding dearness allowance

2 Besides the above, there are 8 sweepers who attend to the loading and unloading of Municipal Lorries In addition the Government have recently sanctioned a gang of 100 sweepers, as a temporary measure, in connection with the intensive cleaning campaign, 47 sweepers to keep the public baths and latrines clean, and 12 sweepers for work in connection with the 3 new lorries purchased by the Health Section of this Municipality

3 In this Office letters No A5-C 319/44 dated 14-12-44 and A5-C 320/44 dated 19-12-1944, proposals have been submitted to Government for the entertainment of 2 sweepers

2/

attending to the cleaning of the Sweepers Colony and Goripalya, and 3 sweepers for the Slaughter House, the Mutton Market, and the Cattle Pound These are the only proposals which are now pending before Government

4 The 200 sweepers and scavengers now proposed are required on a permanent basis This staff is necessary in addition to the temporary establishment already sanctioned for intensive cleaning The latter is meant only to carry out ~~three~~ thorough cleaning in each division in the City, by rotation The increase in the permanent staff proposed is for the regular sweeping of the roads and conserving of the latrines in all the extensions and certain parts of the Old City where the present establishment is found to be owfully inadequate The City has grown enormously in dimension in recent years Congestion has also increased Many new Extensions have sprung up, and most of the open spaces within the old City area are now built upon There is loud complaint from every quarter that the present sweeping and scavenging arrangements are unsatisfactory No substantial improvement in the existing conditions is possible unless the staff is adequately strengthened

In the circumstances, I request that sanction of Government may kindly be accorded to the resolution of the Municipal Council

A sum of Rs 30,000/- has been provided in the current year's budget for the purpose and suitable provision will be made in the budget of future years

I have the honour to be,
